## BMW Driver Training.

### Enjoy driving responsibility.

Driver training is a serious subject, but the best way to learn is while having fun.

With over 25 years of experience, BMW understands driver training better than anyone. So we know that to be a better driver, you need first to enjoy driving.

Our mission is to make you a better driver by developing a balance of attitudes and skills, which will allow you to respond more effectively in emergency situations and which will make your everyday driving more rewarding.

We train you at the best facilities in Australia, with highly trained instructors using the very best cars, from the latest six cylinder 325i sedan to the exhilarating M3 coupe, voted MOTOR magazine's 'Performance Car of the Year'. As a result, we also offer maximum excitement!

BMW Driver Training courses are conducted in typical BMW style, in specially-tailored and equipped facilities, accompanied by the quality ambience and hospitality that you would expect from Australia's leading European marque.

### Skills and excitement for all.

You don't have to be a BMW owner to enjoy a BMW Driver Training course. Anyone with a driver's licence can discover the unmatched pleasure of driving one of our BMWs in the ideal environment to explore its capabilities.

Consider the advantages of learning in our dedicated fleet of BMW Driver Training cars:

- fully insured programme
- expertly maintained vehicles
- your progress accurately measured
- experience the very latest BMW models

### A range of courses. We come to you – nationally.

To make it easy for you to enjoy BMW Driver Training, we bring our wide range of courses to you.

We take our team of highly trained driving instructors, headed by Le Mans and Bathurst winner Geoff Brabham, to the very best race tracks around Australia.

## A graduated course structure.

At BMW, we believe you can never start too early - or too late - to become a better driver. So we have designed a progressive range of courses to match your enthusiasm.

### Young Driver Training.

#### The foundation.

BMW Young Driver Training is an important new safety initiative designed to ensure that today's young drivers survive to become tomorrow's older drivers.

Designed as an introduction to BMW Driver Training for drivers

### Advanced Training I. Basic car control.

For established drivers, the entry level Advanced Training I course is the ideal starting point towards safer, more confident, enjoyable driving and car control.

This one-day course covers key driving techniques and elements including braking and emergency avoidance manoeuvres. It also looks in-depth at typical driving scenarios encountered and how to respond to them.

With a special fleet of BMW 325i sedans at your disposal, the Advanced Training I course is hands-on fun.

Once you have completed Advanced Training I, you can progress to the high performance

aged 18-25, the course teaches life-saving skills, attitudes and techniques with the objective of creating informed, capable and responsible young drivers.

While the message is serious, BMW Young Driver Training is also a fun, action-packed day for participants. Driving BMW 3 Series sedans under the guidance of our highly qualified instructors, participants learn a range of car control skills and techniques.

BMW Young Driver Training is a valuable first step towards more advanced training. On completion, participants can progress to BMW Advanced Training II.

Perfection Training course. Alternatively, if you simply want to further develop your car control skills, then Advanced Training II is the perfect choice.

### Advanced Training II. An introduction to performance driving.

Advanced Training II is an exciting entry level course designed to provide a solid foundation for performance driving.

This one-day course in both 325i sedans and high performance M3 coupes, simulates a number of different situations that may be encountered at touring speeds. On-circuit activities include laps, ideal cornering lines, advanced braking techniques and timed competitions. The day concludes with an exhilarating hot lap in an M car.

## Perfection Training.

### The Polish.

With a fleet of 252kW BMW M3 coupes at your disposal at Australia's leading race tracks, level 2 Perfection Training is a serious step to becoming a competent high performance driver.

Personally conducted by BMW Chief Instructor, Geoff Brabham and his team of highly trained instructors, this action-packed one day course delivers an unforgettable experience, with all practical sessions held on the track.

## Fascination Racetrack I & II.

### The ultimate track experience.

For those who complete Perfection Training, a new challenge awaits. Fascination Racetrack I represents the ultimate in mastering every aspect of your driving skills, even at the highest speeds.

This intensive two-day live-in training course is conducted exclusively using BMW M3 coupes.

Perfection Training incorporates specific high-speed cornering and braking techniques, over- and understeer experience and ideal-line laps at the wheel of one of the world's most awarded performance cars. The day ends with Geoff Brabham taking participants on heart-pumping hot laps of the circuit.

Activities specifically developed for the two days include high speed laps, challenging timed motorkhana competitions and advanced cornering techniques.

For those who have completed Fascination Racetrack I and wish to keep their track skills up to date, there is also a one-day Fascination Racetrack II course for the ultimate refresher.

### Corporate Days.

BMW Driver Training can also provide specialist courses customised to suit the needs of your company. Imagine your customers, staff or VIPs driving a fleet of high performance M3 coupes at one of Australia's leading race circuits. It's an experience we promise they will never forget.

## Specialist courses.

### BMW M Owners.

BMW Driver Training provides a complimentary specialist course designed to enhance the driving experience for purchasers of new BMW M cars.

Based on Advanced Training II, this full day course personally supervised by Chief Instructor, Geoff Brabham, provides a unique 'M' perspective on driver training and the thrilling aspects of driving BMW M vehicles to their full capability.

### BMW X5 Adventure Experience.

The BMW X5 Adventure Experience takes BMW Driver Training off the beaten track and introduces you and your X5 to the world of off-road driving, BMW-style.

Designed for owners wanting to explore the capabilities which made the X5 'Overlander' magazine's 4WD of the Year, the programme is focused on comfort and safety. Participants are guided by Australia's leading 4WD experts, enjoy tantalising gourmet food, fine wine, stunning scenery and can relax, country style.
